### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 5-7 directed to an invention non-elected without traverse.

Accordingly, claims 5-7 have been cancelled.

**The following is an examiner's statement of reasons for allowance:**

Claims 1-4 and 8-19 are allowed because the prior art of record lacks an indicator comprising a substrate having a first portion and second portion joined at a fold line, the first portion being smaller than a second portion, such that when the first portion is folded along the fold line, a portion of the adhesive on the second portion remains exposed, and wherein an edge of the first portion extends from one end of the fold line to the other end of the fold line and the edge is adjacent to the portion of the adhesive on the second portion that remains exposed along an entire length of the edge.

Specifically, Ko et al lacks the first portion being smaller than the second portion, and Frommer et al fails to disclose an edge of the first portion as set forth claims 1 and 8, as amended on 8/9/2010.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
